The Peoples financial puzzle began in 1933 when A. F. Adams began selling insurance in Eatonton, GA.

The second puzzle piece was added when a group of individuals started The Peoples Bank in 1943.

The third piece of the Peoples financial services puzzle was added in 2003 with Peoples Investment Company.

With the addition of this company the puzzle was complete. One company, offering all the financial services a customer would want.

End of story, right? Well, not exactly. With three companies offering financial services, there became a need to tie all the companies together.

*What do all three companies have in common?*

P. O. Box 4250

**That is really all we need to say. With this new logo we connect all three companies together to let you know that we are part of a team – one that provides you with all the financial services a customer would want!**
